

A one of a kind piece fabricated in mexican walnut.

Mathematically, this figure shows the dual relation between the cube and the octahedron. Pieces are cut with CNC precision, the rest of the processes, from the assembly, to the polishing and the final finish in natural oil are carried out manually.

DESIGNER Pedro Cerisola

YEAR 2016

EDITION One of a kind

DIMENSIONS Ø 53 cm / Ø 20.9 in

MATERIAL Mexican walnut
